Counterterrorism | Law Enforcement & Military Trainer| SWAT & SERT | Human Trafficking | Islamic Pest Control

Global Security International LLC

Dwight-Englewood School

Greater New York City Area

My operational efforts offer formidable investigative, intelligence and security services. With expertise forged in the world's most challenging environments, my world-class network of security professionals offer proprietary strategized solutions.

Today's security climate demands upon innovative solutions that can be applied in both high-threat and low profile operating environments. I have become a trusted partner to both government and commercial branches by providing solutions that foster an innovative approach based on knowledge and proprietary methodologies.

Operational success is dependent upon prudent protocols and proven training methodologies, modules, leadership and covert mission directives. You must act prudently and wisely. Logic, psychology and other sciences are used to develop and guide prudent strategic actions. My applications contribute mission success in assisting Intelligence & Law Enforcement agencies (local law enforcement/state and federal), Military, Civilian, and Special Operations communities achieve their goals. We have made major contributions in the fight against narcotic trafficking, terrorism and organized crime in the U.S. and foreign nations.

We are international consultants that are criminologists that are the most respected experts who conduct mission success. Our blend of profiling, criminal science behavior and hand to hand tactical is uncompromised. We train law private security, law enforcement, military and civilians for the most demanding challenges.

GSI provides security solutions for a range of disciplines and environments. GSI is committed to the highest standards of business ethics and integrity.

GSI has unparalleled and strategic resources to neutralize national security threats in the areas of intelligence and terrorism. Our knowledge and extensive training prepare us for survival in the face of any adversity and 'worst-case scenario' and our experience has given us the tactics and skills to identify and thwart security threats.

GSI is internationally and respected for our expertise and dedication in training civilians, law enforcement and military (Veterans). Our training are all Certified by strict regulations and guidelines. We developed core training modules that sets the bar for the most effective training strategies for military, security and law enforcement professionals.

We provide superior and commensurate courses for a wide range of tactical applications; terrain, air, sea. We train applying our knowledge and experience to support stated objectives. Our cadre are matched to each module with current methodologies, tactical awareness, proprietary strategies and state of the art technology and weaponry.

Modules are offered direct to your location across the globe and through our mobile training program - delivering instructors to your location.

GSI is also an International Private Contracting company that offers assets throughout the world. We provide air/land and sea support such as protection details against piracy, CPO|EP|KR and other private sector contract assignments. If you are a private security contractor, we want to hear from you.

We desire to be a stakeholder to collaborate and build the kind of leadership, vision, and knowledge needed to make strong, modern infrastructure a reality today, and for our nation's future.

CEO. Child Recovery Expert. Consultant | Operative

Company Name Child Recovery International

Dates Employed Jan 1989 – Present

Employment Duration 28 yrs 9 mos

Location New York NY

Our objectives are clear and precise. We collect intelligence that matters and quickly disseminate. We produce objective all-source analysis and produce a profile on each sensitive case matter in a productive time frame. We conduct effective covert actions under decisive actions directed by our criminal science behavioral unit. We are the leading International authority on missing endangered children and adults.

CRI classification of the missing is separated into four basic components: Class A – Runaway/Throwaway. Class B - Parental Abductions (Non- Custodial Interference) Class C - Kidnaps (Ransom) Class D - Human | Sex Trafficking. Our Clandestine Service begins with the procurement of all information, data and evidence.

In addition, our ID staff deals with private affairs, protocol, legal issues, information management, and internal oversight.

The officers of the CRI are guided by a professional ethos that is the sum of our abiding principles, core values, and highest aspirations.

In executing mission, we carefully manage risk but we do not shy away from it. We are team, value sacrifice, collaboration both internal and external and work diligently. We are success driven and are neither deterred by hatred, violence, race, or fear. We have the resources to bring closure to achieving mission success.

This is a transparent intelligent organization and not a public service or non-profit. None of the latter have the expertise or the science we possess to locate your loved one. This is the first call you need to make.

For a scheduled consultation, please call CRI at 845-362-3433 or visit our site at www.thelost.net

Founder/Master Instructor

Company Name Bounty Hunter Training Academy

Dates Employed Feb 1997 – Present

Employment Duration 20 yrs 8 mos

Location New York, New York

Bounty Hunter Training Academy is the only Academy in the nation. We offer hands-on tactical training and proprietary investigative methodologies that far exceed industry norms. Simply put, we are the Industry Authority. Scott Bernstein has literally walked the corridors and back alleys of our nation to bring his 30 years of tracking fugitives with a blend of profiling, criminal science behavioral analysis, knowledge, skills, techniques, chicanery, street smarts, savvy and intellect to train those how to 'locate the needle'.

His proprietary skills, tools and techniques will enable the BHTA student to be the most proficient Bounty Hunter/Apprehension Operative with high earning potential and expansive contracts. The hands-on tactical training is unsurpassed. Our prospective Bounty Hunters become highly skilled craftsmen on locating and recovering the most dangerous fugitives from justice while avoiding any and all liability issues.

Our Academy offers these modules to civilians, law enforcement, military and seasoned Hunters and Bail Bondsmen. The tactical aspects are mixed with the core art of Krav Maga (Israeli Defense Force Martial Arts). Our methodologies are based upon the art of profiling and criminology (criminal science behavior).

You will learn the trade secrets of how to locate your target in the most expedient time, minimize risk, maximize productivity, work efficiently and possess the tactical awareness and skills to control ANY defendant or resistor and adapt instinctively. You will come to learn the culture of the criminal mindset and the diverse conditions where you will easily adapt to any given environment.

We will teach you to be productive in disseminating the bail bond file and how to be a profiler to be extremely successful as we give a fresh and new insight so you can blend and adapt to any landscape like a chameleon. Entering the portal of the fugitive's mindset is the first step.

CEO. Director Fugitive Task Force

Company Name U.S. Bail Enforcement Agency

Dates Employed Nov 1986 – Present

Employment Duration 30 yrs 11 mos

Location New York NY

USBEA conducts fugitive apprehensions both foreign and domestic. We have apprehended more than 6,000 fugitives from justice in 46 states and in over 20 countries. Our philosophy is built upon working on facts alone and acknowledging that the greatest weapons in this industry is your mind and your hands. We provide zero liability to our clients: bail bondsmen, surety companies, the government and even civilians.

Our success rate is built upon approaching a fugitive investigation with raw skills that are proprietary and produce body counts not speculation. We profile each given assignment and disseminate the factual history sheets, gather proper Intel to make a locate and enact the arrest with the quickest turn-around time in the industry. We have been in the industry since 1986 and epitomize "if you run, we will find you". We precisely profile each fugitive on the run or when the string is pulled. We have the inane ability to extrapolate each defendant location in a factitious manner. We work hand in hand with law enforcement and excel at negotiations and mediating with the Indemnitors who hold the key to the whereabouts of the fugitive from justice.

We have earned the out-most respect of the bail community with the attainment of all awards given by all the professional associations in the bail industry. We are contracted by the international communities often and have secured a record second to none.

?

Manager

Company Name Bounty Hunters | Law Enforcement | Military | Private Security Contractors

Dates Employed Jan 2010 – Present

Employment Duration 7 yrs 9 mos

Location LinkedIn Group

This once private LinkedIn Group is comprised of civilians, law enforcement, security experts military professionals and government officials whose participation is to increase awareness, separate freedom from fear and open up dialogue on current global crisis, terrorism, politics, corruption, technology, crime/justice, national security, war, human/civil rights and much more. Participation is highly encouraged by all to promote fair debate on critical military, law enforcement, security issues, social, economic, political and other climate changes in both national and international forums.

The group looks to bring a social, economic, human and civil rights lens to light while debating the merits of government, leadership, foreign policy, national security, crime, terrorism and corruption.

Reframing the debate on the war on organized crime; narcotic trafficking, human smuggling, organ harvesting, murder, sex trafficking, racketeering and white collar crime are just a few examples.

Our aim is not just to come up with a list of new solutions but to re-frame the basic terms on which public debate takes place. Our goal is to stimulate public discussion while creating an informed citizenry that can craft a new vision of action for the future.

We believe that if progressives hope to stimulate broad discussion and influence the nation's political agenda

we must be more successful at promoting our core values and in getting alternative narratives in front of policy makers and the public.

We share a common interest in the vitality and preservation of freedom, oppression from government and the end of global terrorism. There are certainly more concerns in this chaotic Earth and when our governments and the very leaders we chose fail us, it is incumbent upon ourselves to find solutions. We have the ability to connect and share the bond of integrity, honor and belief in man. Join us in making a difference!

CEO. Private Investigator

Company Name New York Department of Insurance Fraud

Dates Employed Aug 1990 – Jun 2005

Employment Duration 14 yrs 11 mos

Location NY NY

As the leading Insurance Claims Investigators in the NY metropolitan area, we steadfastly planned and executed investigations into insurance claims related to bodily injury, liability, property damage, medical, worker's compensation and more. We protected insurance companies and policy holders against insurance fraud. To be proficient, we implemented a combination of office and field investigations which normally included surveillance. Our work product was always backed with evidence and superior documentation.

We found that suspected cases of insurance fraud were just that - insurance fraud. At NYDIF, we worked for

various insurance companies, adjusters, or examiners. Our Insurance Fraud agency worked for Allstate, State Farm Geico, Nationwide, Liberty Mutual, Aetna, Farmers, Chubb,m The Hartford, John Hancock and USAA. As Insurance Claims Investigators we look into the background of claimants, witnesses and anyone else who has made a statement regarding the case, like medical professionals or police officers. We review the circumstances of the case through research, interviews, surveillance and in-person inspections of sites and vehicles, writing reports on their findings. and submitting video and photographic evidence.

New York Department of Insurance Fraud closed hundreds of cases.
