

Stephani Meyer, RN

Legal Nurse Consultant/RN Edge, LLC

The University of Texas at Arlington

Portland, Oregon

As registered nurses and legal nurse consultants with decades of clinical nursing experience, our nurses use their vast nursing knowledge to educate and inform attorneys regarding health related issues that are frequently seen as a foreign language to those not in the medical profession.

As the owner and founder of RN Edge, LLC, I am both a registered nurse, as well as an experienced paralegal. Whereas most legal nurse consultants have only their nursing backgrounds to lean on, I have both medical and legal experience as well. This allows me to anticipate and comprehend my clients' needs on a much deeper level than those without my specific knowledge and skill set.

At RN Edge, we are sincerely dedicated to providing quality legal nurse consulting services with the highest level of customer satisfaction, and we will do everything possible to meet our clients' highest expectations.
