Coordinator-Victim Offender Conferencing Program

Company Name Good Shepherd Mediation

Dates Employed Jul 2001 – Apr 2006

Employment Duration 4 yrs 10 mos

Victim Offender Conferencing is a restorative justice program designed for juvenile offenders. As Coordinator of Good Shepherd Mediation's Victim/Offender Conferencing Program, I received case referrals from the Philadelphia Youth Center. Juveniles arrested for misdemeanor offenses were accepted into this program if they were willing to take responsibility for the offense they committed and were willing to meet with the victim, provide restitution if needed and generally, to correct and

make amends to the injured party or parties. I contacted and interviewed offenders and their parents, arranged a separate meeting with the victim or victims and with their agreement, scheduled a face to face meeting between the parties. I also was responsible to the Dept. of Human Services as provider and kept quarterly records of case numbers and rates of recidivism.
