GERALYN DATZ, PhD C.V. Psychologist Expert - Hattiesburg, Mississippi

EDUCATION

Pennington Biomedical Research Center, Louisiana State University, LA
Post-Doctoral Fellowship in Behavioral Medicine & Metabolic Syndromes
August 2004-2005

Veterans Affairs Medical Center, New Orleans, LA
Residency in Clinical Psychology-APA Accredited
Specialty in Behavioral Medicine
July 2003-2004

Stony Brook University (SUNY), Stony Brook, NY
Psychology Department-APA accredited
PhD Clinical Psychology, 2004
MA Psychology, 2000

St. John's University, Queens, NY
BA in Psychology/ PreMed 1993

LICENSURE

- Mississippi #45-736
- Louisiana #1140

HONORS & AWARDS

- OUTGOING PRESIDENT DISTINGUISHED SERVICE AWARD, Southern Pain Society, September 2016.
- ACHIEVED TOP 1% RANKING AMONG PSYCHOLOGISTS IN THE NATION FOR CUSTOMER SATISFACTION.
Press Ganey 2008, 2009, 2010, 2011.
- HUMANITARIAN AWARD. Mississippi Psychological Association. September 2006.
- CERTIFICATE OF APPRECIATION. Forrest General Hospital. January 2006
- YOUNG INVESTIGATORS AWARD. American Psychological Society. Awarded May 2002
- SUMMER INTERNSHIP PROGRAM in Biomedical Research. National Institute of Health, National Institute in Dental & Craniofacial Research (NIDCR), Bethesda, MD. Summer 2001

EXPERT TESTIMONY

- Qualified as expert in State of Mississippi and Louisiana for both plaintiff and defense cases

GRANTS

- Pragmatic Clinical Evaluation of Treatments for Severe Obesity for State Group Benefits Members in Louisiana. (2004). Ryan DH (PI), Brantley PJ, (Co-PI); Bray G, Champagne C, Datz G, Smith S, Rood J, Sjostrom L, Redmann, S (Co-I). Sponsored by the LA Office of Group Health Benefits: \$2.9 million.
- Development of patient-guided software programs to screen for motivation to enroll in chronic pain and smoking cessation groups. (2004). West J, Corrigan S, Tassej J, Zanotti D, Datz G, & Keyes M. Mental Illness Research and Education Clinical Consortium Clinical Education Grant: \$4,875.

PROFESSIONAL MEMBERSHIPS

- American Psychological Association, Member
- American Academy Of Pain Medicine, Affiliate Member
- Southern Pain Society, Past President, Planning Committee
- Mississippi Psychological Association, Member
- Louisiana Psychological Association Member

PROFESSIONAL SERVICE

- Past President, Southern Pain Society, 2017-2019
- President, Southern Pain Society 2015-2017
- Secretary, Southern Pain Society 2011-2014
- Aeon Global Health, Scientific Advisory Board, 2016
- Annual Meeting Program Committee, Southern Pain Society, 2009 – 2017
- Membership Board, American Academy of Pain Medicine 2008-2012
- Annual Meeting Program Committee, American Academy of Pain Medicine 2008, 2012
- Annual Meeting Co-Chair, Southern Pain Society 2010, 2012, 2017
- Director at Large, Southern Pain Society, 2010
- Secretary, Society for Behavioral Medicine, Pain Special Interest Group 2006-2008
- Website Committee, Mississippi Pain Society, 2007-2008
- Ad Hoc Reviewer for Pain Medicine, Journal of the American Academy of Pain Medicine, 2010-present
- Ad Hoc Reviewer for Journal of Psychopathology and Assessment, 2004-2005
- Ad Hoc Reviewer for Journal of Psychiatry in Medicine, 2005

PROFESSIONAL POSITIONS

President, Clinical Director

Southern Behavioral Medicine Associates, PLLC

September 2010 – present

- Assessment, treatment and independent opinions for psychological disorders, incl. depression, anxiety, trauma, and work related injuries. Psychosocial assessment of chronic pain, personality testing, opioid risk stratification, presurgical screening (bariatric, spinal surgery, spinal cord stimulators, intrathecal pumps, deep brain stimulators), neuropsychological testing, and addiction assessment. Cognitive behavioral treatment of mood and anxiety disorders, chronic pain, and overweight.
- Director of the Pain Rehabilitation Program, a 20 day intensive functional restoration program using intensive physical therapy and cognitive behavioral therapy to restore function and quality of life to patients with chronic pain.

Consultant, QTC Management, a Leidos Company (formerly Lockheed Martin)

Compensation & Pension Evaluator

September 2007 to present

- Provide objective, independent and evidence-based medical opinions for compensation and pension evaluations for Veteran Benefits Administration (VBA) and Veterans Administration (VA) for mental health claims on active duty and veteran service members of the Army, Navy, Air Force, Marine, and National Guard. Determine presence vs not of diagnoses according to the DSM-5 classification system and determine impairment rating.

Consultant, QuantiaMD

Internet based physician education

September 2008 to 2015

- Invited contributor to multimedia educational presentation company, geared at enhancing clinical and performance issues in medicine

Program Director & Principle Service Provider, Pain Management Program

Pine Grove Behavioral Health & Addiction Services, Forrest General Hospital

August 2005 to October 2011

- Program development, monitoring and outcome assessment. Foster interdisciplinary collaborations between mental health, addiction, and hospital departments, and community services.
- Direct service for patients with medical comorbidities including chronic pain, substance abuse, overweight, in evidence based context including group and individual psychotherapy, biofeedback, and medical liaison services.
- Presurgical psychological screening (neurostimulator, intrathecal pumps, spine, bariatric, transplantation), and psychotherapy to enhance presurgical readiness. Provide and train staff to provide psychological screening for addiction, and risk evaluation assessments for chronic pain patients currently using opioid therapy.

Consulting Psychologist, Pine Grove Behavioral Health & Addiction Services

August 2005 to October 2011

- Psychological assessment relating to dual diagnosis patients (psychological and/or medical issues comorbid to substance abuse, opioid dependence, eating disorders, and sexual addictions) and treatment planning in the context of residential addictions treatment.
- Faculty to Professional Boundaries Course, a rehabilitative program geared at professionals who have identified boundary issues or whom voluntarily present for treatment.

Psychotherapist

Adult Psychology Clinic, Earl K. Long Medical Center

January 2005 to August 2005

- Outpatient psychotherapy services to community dwelling adults using empirically based approaches

Postdoctoral Fellow

Pennington Biomedical Research Center, Louisiana State University

August 2004 to August 2005

- Co-investigator to Louisiana Obese Subjects Study (LOSS), a 5-year study examining the efficacy, safety and costs of two patient management approaches for obesity, usual care and an intensive medical intervention. Protocol development, design of objectives and safety measures, design of behavioral procedures and psychoeducational topics, and manualization of procedures. Training of physicians, nurses, and study support personnel, design and use of incentive and retention aids.
- Behavioral consultant to multi-site NIH-funded study, The Weight Loss Maintenance Trial. Multi-year study examining efficacy of weight over a 30-month period following an intensive weight loss phase. Duties include assisting in development of Study Phase 2 and facilitating training conferences for motivational interviewing, role-playing, problem solving and behavior change.

Psychology Resident

New Orleans Veterans Affairs Medical Center

July 2003 to July 2004

- Clinical Psychology internship specializing in behavioral medicine and PTSD treatments for veterans. Provider of in-patient residential treatment of PTSD, and outpatient treatment of medical problems including Hepatitis C, AIDS, cancer, and chronic pain.
- Presurgical evaluations for heart and liver transplant candidates, dorsal column stimulators and penile implants; biofeedback assessments and interventions with chronic pain patients; conducted compensation and pension evaluations for post-traumatic stress disorder.

Psychotherapist

SUNY Stony Brook, Department of Psychology

September 1998 to May 2003

- Outpatient based assessment and therapy with adult, adolescent, child and marital cases using primarily cognitive and behavioral and insight oriented approaches. Administered psychoeducational assessment batteries for adults and children. Administered, scored, and interpreted a broad range of psychoeducational tests.

Psychometrist

St. Charles Hospital and Rehabilitation Center

January 2002 to May 2003

- Administration of empirically validated neuropsychological assessments to children and adolescents with head injury, developmental disorders, learning disorders and severe psychiatric disorders.

Psychotherapist/Extern

Department of Veterans Affairs Medical Center

June 2002 to August 2002

- Summer externship program, brief psychotherapy within the primary care unit and smoking cessation group program. Culturally diverse clientele included the mood and anxiety disorders with comorbid chronic illnesses and medical conditions (e.g., CHD, MI, HIV).

SUPERVISION

Primary Supervisor, Behavioral Medicine Externship

University of Southern Mississippi, Depts. of Clinical and Counseling Psychology

September 2005 to Present

- Supervise counseling and clinical psychology PhD students, and Psychology Interns, in assessment, health psychotherapy including chronic pain, neurosurgery, mental illness, addiction treatment.

Sr. Supervising Fellow, Adult Psychology Clinic, Earl K. Long Medical Center

Louisiana State University Health Sciences Center

January 2005 to August 2005

Research Supervisor, Pain Laboratory

SUNY Stony Brook, Dept of Psychology

September 1998 to June 2003

Clinical Supervisor, Psychological Services Center

SUNY Stony Brook, Dept of Psychology

September 1998 to June 2003

ACADEMIC RESEARCH POSITIONS

Pennington Biomedical Research Center, Louisiana State University

Director: Phillip J. Brantley, PhD

August 2004 to August 2005

- Co-investigator on a multi-site project, Louisiana Obese Subjects Study (LOSS), a 5-year study examining the efficacy, safety and costs of two patient management approaches for obesity.
- Behavioral consultant to multi-site NIH-funded study, The Weight Loss Maintenance Trial, examining efficacy of weight maintenance conditions (Personal Contact, Interactive Technology, Self-Directed).

National Institute of Health, National Institute of Dental and Craniofacial Research

Research Advisor: Richard H. Gracely, PhD

June 2001 to August 2001

- Summer Research Resident within the Pain and Neurosensory Mechanisms Unit, developed an fMRI research protocol that aimed to explore the effects of experimental pain on cognitive performance

Psychology Department, St. John's University

Principal Investigator: Elizabeth Brondolo, PhD

September 1993 to May 1994

- Research staff to NIMH-funded study of blood pressure fluctuations related to job stressors and conflict management style in traffic agents.

Cornell Medical Center, New York Hospital
Research Director: T.G. Pickering, MD, PhD
September 1993 to January 1994

- Staff to NIH grant for research on psychosocial factors and cardiovascular disease. Epidemiological examination of the reproducibility of white-coat hypertension and prognostic ability of ambulatory blood pressure monitoring equipment

PROFESSIONAL RESEARCH POSITIONS

SCP Communications, Inc.
September 1998 to March 2000
Medical Writer

- Consultant to the Clinical Program Department. Developed Standard Operating Procedure (SOP) documents on laboratory licensure, conducting investigator meetings, preparation of final study reports, monitoring of safety/adverse events and disbursement of honoraria. Trained staff members in SOP.

SCP Communications, Inc.
April 1998 to September 1998
Project Manager, Safety & Adverse Events Officer

- Staff to the Clinical Program Department. Prepared materials for clinical trial conduct (i.e., informed consent forms, study instructions, case report forms, clinical monitoring plan, subject status tracking and reference information for investigational sites). Audited clinical study records at sites. Submitted written and verbal reports to sponsors, medical officers, and regulatory agencies.

Health Decisions, Inc
January 1997 to June 1997
Project Manager (Contracted Position)

- Clinical Research Organization specializing in public health and contraceptive research. Duties: Management of Phase III, IIIb, IV multi-center clinical trials. Designed and reviewed case report forms and protocols. Managed data and query resolution.

Hoffman-LaRoche, Ltd
August 1996 to January 1997
Clinical Monitor (Contracted Position)

- Consultant to research and development for infectious disease, autoimmune and cardiovascular pharmaceutical clinical trials. Duties: monitoring and entry of case report data, adverse events.

GlaxoWellcome, Inc
March 1996 to August 1996
Clinical Monitor (Contracted Position)

- Consultant to the Epidemiology department's Antiretroviral and Lamotrigine pregnancy registries, which maintain safety data on serious adverse events related to exposure to teratogens. Duties: Updated and analyzed safety data, reviewed case reports, registration and follow-up reports. Edited and oversaw publication of bi-annual interim reports.
