Experience

Trial Presentation Consultant

Company Name All American Judicial Media

Dates Employed Jan 1992 – Present

Employment Duration 26 yrs 2 mos

Trial presentation consultant including project management, 20 years.

Produced accident reconstruction videos, 15 years.

Videotaped depositions, over 25 years.

I will provide support to attorneys and legal assistants preparing for and during trials, hearings, and mock jury exercises. I have over ten years of technical experience utilizing trial technology

in the courtroom. I also have the ability to implement and coordinate courtroom setups effectively.

I am organized, able to multitask and operate well under time constraints. I also have working knowledge of utility software to facilitate data importing for trial presentation database.

I possess strong working knowledge of Trial Director and various video editing and conversion programs.

My job functions consist of the following:

1) Utilize relational databases, document databases, spreadsheets and transcript management software to manipulate, migrate and extract data in a variety of formats for import and export into trial support applications.

2) Setup, support, and troubleshooting of computer hardware, peripherals, imaging technology and visual/audio technology used in courtrooms during trials, mock trials, and hearings.

3) Coordinate with vendors, video digitizing projects, and video synchronization.

4) Provide trial technology support for attorneys and support staff before and during trials, hearings, and mock jury exercises.

Education

Los Angeles Valley College

Degree Name AA

Field Of Study Computer Science

Dates attended or expected graduation 1981 – 1983

Activities and Societies: computer programmers society(CPS)

Certified in 3ds Max animation. I sat on the board of video producers at UCLA film division. Lectured at the Veterans Affairs West Los Angeles about video producing.

I won local MTV best video award for a music video (1988). Produced "Choose to Move" video for the American Heart Association (2002).
