Who is EPIC Business Essentials?

EPIC Business Essentials is the nation's largest force of independent dealers who are here to provide you with a buying experience like no other, an experience that is, well...EPIC! It is the collaboration of the two largest independent dealer groups in the United States – both with decades of experience and success working with all types of industries of all sizes.

EPIC Business Essentials was born out of the simple concept that you deserve an alternative to your traditional office supply big box stores. With EPIC Business Essentials, no matter what size customer you are, no matter how many locations you have, and no matter the geographic reach of your company – we have you covered.

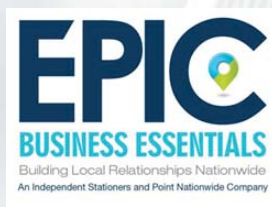

We provide all the office essentials you need to run your business at a competitive price. But we don't stop there -EPIC Business Essentials goes beyond just great products and pricing; we provide you with the service you deserve as a marquis customer. Our proven model of utilizing local independent dealers to facilitate our agreements with your business allows you to take advantage of industry leading service and customized delivery - all while keeping the dollars you spend circulating right back in your community.

How are local dealerships able to take part in EPIC Business Essentials?

Most independent office supply dealers belong to a dealer group to harness the collective purchasing power of the group as well as the myriad of other value add services. Independent Stationers and TriMega Purchasing Association are the two largest independent dealer groups in the US with over a thousand independent dealers spread across the country in all size markets.

EPIC Business Essentials is the tie that binds the two groups together to give independent dealers the ability to compete for business that was once reserved for the big boxes. Through a centralized ordering platform, consistent invoicing, competitive pricing and contract compliance we are here to provide you the experience you deserve while keeping your business where it really should stay - local.
