

# Jacqueline Kim Perez C.V. Blockchain Expert - Canada

## Program Manager at Victory Square Technologies & Blockchain Assembly

Blockchain Assembly

Camosun College

Canada

One of the women helping lead Vancouver's rise to prominence in the global Blockchain industry, Jacqueline is an entrepreneur, crypto-enthusiast, and the Program Manager of Victory Square Technologies (CSE:VST) (OTC:VSQTF) (FRANKFURT:6F6) and Blockchain Assembly. She has extensive experience in the technology sector with expertise in blockchain, cryptocurrencies, public companies, sales, marketing, event planning and management. She is a huge proponent of blockchain technology and believes it will transform the global market, change the way we transact value, and streamline a host of industries by facilitating trust and transparency between entities. Aside from her day to day responsibilities, she is passionate about giving back to the community and spends a significant amount of time volunteering and mentoring for charities throughout the Lower Mainland in Vancouver.

## Experience

- 

### Program Manager

Company Name Blockchain Assembly

Dates Employed Oct 2017 – Present

Employment Duration 7 mos

Blockchain Assembly is a technology and financial advisory firm that accelerates early-stage technology companies with game-changing blockchain initiatives. Headquartered in Vancouver Canada, Blockchain Assembly focuses on designing and deploying innovative token-based capital solutions for technology firms with transformative market-leading potential. Our team helps businesses raise capital through comprehensive tokenization strategies, including delivering ICO's to the global crypto market.

Blockchain Assembly provides a full range of services in strategic investment, innovation, and business advisory services to help guide our clients through the complexities of the cryptocurrency market. We partner with our clients to identify, analyze and develop blockchain market opportunities. Further, we concurrently coordinate financial advisory services to ensure that our team is offering entrepreneurs the best opportunities to generate value in this new token economy. Together, we will disrupt and transform global industries.

Blockchain Assembly is spun out of Victory Square Technologies (CSE: VST), which has successfully delivered more than \$100 Million of return on investment with over a decade of venture-building technology companies that deliver value to entrepreneurs, customers and shareholders alike.

### **Program Manager**

**Company Name Victory Square Technologies**

**Dates Employed Sep 2015 – Present**

**Employment Duration 2 yrs 8 mos**

**Location 300 - 128 West Hastings**

Victory Square Technologies (VST) incubates and invests in game-changing entrepreneurs. Innovation is at the core of what we do. We believe great companies are built from experimentation of bold ideas. At VST, entrepreneurs have access to our education programs, global network of mentors, distribution partners, creative workspaces, resources and operational support to help them scale internationally. We focus predominantly on the following key verticals:

- Artificial Intelligence
- Blockchain

**Location Victoria, British Columbia**

Distrikt is a premier nightclub and host to some of the greatest talent coming to Victoria. With a recent renovation in the summer of 2014, Distrikt now boasts a state of the art sound system, custom light shows, luxury VIP booths, the finest house DJs, and a staff who work tirelessly to make your night unforgettable.

Responsibilities Include:

- Promoting & marketing
- Customer service & experience
- Manage communications with all managers and staff
- Monitor staff
- Monitor competitor activity
- Maintain effective relationships with vendors

Jacqueline also launched, managed, and took part in a professional dance group where she hired staff, organized schedules and costumes.

-

**Sales Representative**

**Company Name Vivint**

**Dates Employed Apr 2014 – Jun 2014**

**Employment Duration 3 mos**

**Location Grand Prairie, Alberta**

I traveled to Grand Prairie, Alberta where I went door-to-door to proactively sell full home automation systems to residential or business customers. I was highly motivated and up for any challenge. I was assigned several territories where I was given leads and then asked to visit 40-50 customer locations per day. It was a challenging experience because I had the opportunity to meet several families who talked to me about their struggles from finances, health, or drug related issues. I developed an open mind and appreciation.

I also built confidence during this adventure. The territories that I was assigned were the areas that had the highest crime / drug rate.

I was able to work with highly experienced representatives and built long lasting friendships with other sales representatives.

**Cause Children**

All across BC, hundreds of children and youth are denied the opportunity to participate in amateur sports due to one simple fact: lack of funds. As a privately funded charity, we are able to get dollars into the hands of those who need it most, quickly and effectively. We help families bear the expense of having their children participate in organized sports because we believe that all kids should have the chance to play.

Helped Organize:

-Athletics for Kids Charity Boxing Gala at the Hard Rock Casino Vancouver 2016
