

# Shebin John C.V. Blockchain Expert – Kottayam, India

☐ Blockchain Enthusiast ☐ ICO Advisor ☐ Engineer ☐ Marketer ☐ Investor ☐ ICO Ambassador ☐☐ Strategist ☐ Programmer

**Texplox Technology Pvt Ltd**

**Mangalam College of Engineering, Mangalam Hills, Ettumanoor P.O,  
Kottayam-686 631**

**Kottayam, Kerala, India**

Engineer by Profession, Marketer by Choice, Investor by Passion

Done my first BTC Transaction back in 2013, but have been in the Crypto Field even before that. And since the beginning, been in love with this technology.

I have started as an SEO for a online company, then moved to Marketing and Advertising, been a programmer my whole life starting with basics like C & C++ and moving to HTML, CSS, JS, PHP, etc. Worked with Google Cloud Platform, AWS and other cloud hosting providers for Hosting and also have a very diverse experience in how to run a business.

Joined Midex as an Ambassador and started to help them to make their ICO a success. Then joined a similar fintech project called Entry as an ICO Advisor to help them from their initial stages of raising funds.

Actively looking to help promising ICO to make a positive difference in this world using blockchain & decentralization.

## Experience

•

## Director

Company Name Texplox Technology Pvt Ltd

Dates Employed Oct 2017 – Present

Employment Duration 7 mos

Location Kerala

As the Founder & CEO of Texplox Technology Private Limited, this was my first experience being an Entrepreneur in India.

Texplox Technology in this short time has its hands on various sectors, mainly:

- Blockchain & Cryptocurrency
- Web Development
- Consultancy, etc.

Some of the things which I have learned till now are:

- How to negotiate well
- How to pitch an idea to an investor, etc
- How to start from a simple idea and create a revenue making product
- How to create a product from scratch to beta in the shortest time possible
- How to use the resources you have in hand and utilize it the best way possible
- How to manage a team and make them work together towards a common goal

These are few of the things which I have learned till now, and with time, hoping to learn new and useful things.

Entrepreneurship, especially in India is not easy, but that is the path I choose and I am happy to follow that, because it makes me happy!

As an ambassador, I was responsible for:

- Being active in the community
- Help local users in India who wanted help using native languages
- Spread the word about Midex through social media
- Help the team as much as possible in the best way

And I am happy to say that, doing this I learned a lot on how a Crypto Project work. And with my previous experience in the crypto field, I was able to rectify some of my errors as well as learn more about this.

Midex is a great financial product altogether in the Crypto Field, and I wish they succeed with time.

[Senior Advisor](#)

[Company Name Dynamite Arts Studio](#)

[Dates Employed Jun 2015 – Present](#)

[Employment Duration 2 yrs 11 mos](#)

[Location India](#)

As the Senior Advisor at Dynamite Arts Studio I was mainly responsible for the following:

- Advice the company on how to move forward with the work systematically.
- To guide on certain things in the business sector
- Being a critique to their works so that they can improve further
- Help them to reach more crowd through their venture, etc.

Advising them taught me many things, which has helped me to advise other companies right now.

[CEO](#)

[Company Name LOVE Token](#)

[Dates Employed Feb 2018 – Apr 2018](#)

[Employment Duration 3 mos](#)

[Location India](#)

This project was done as an experiment to know how a Crypto Project runs.

Some of the things which we did were:

- Token Creation with custom features
- Decentralized Raffle System Development through which we raised our initial fund
- Bounty Preparation, Conducting, Verification as well as Distribution
- Mass bounty distribution smart contract, etc.

These are some of the things which were done. And we are happy to announce that, though the project run on near zero marketing budget, we were able to:

- hire some volunteers to work for our Token
- list our Token in an Exchange
- get a huge community
- get response from more than 5k+ people!

Altogether this was a fun experiment, and we learned a lot.

[SEO Consultant](#)

[Company Name Self-employed](#)

[Dates Employed Nov 2015 – Apr 2016](#)

[Employment Duration 6 mos](#)

[Location Online](#)

As an SEO, I was responsible for both on-page optimization as well as off-page optimization.

I started my work with the on-page optimization following the rules at that time for the best possible setting for the website to get organic reach.

Then moved on with off-page optimization with link building, blogging, social media marketing, etc.

It was a pleasant experience to work and make those project a success.

## Education

- 

[Mangalam College of Engineering, Mangalam Hills, Ettumanoor P.O, Kottayam-686 631](#)

[Degree Name Bachelor of Technology \(B.Tech.\)](#)

[Field Of Study Computer Engineering](#)

[Dates attended or expected graduation 2013 – 2017](#)

[Activities and Societies: Placement Coordinator, Fest Website Making, Fest Event Coordinator, Class Representative, IEDC Coordinator, ICT Student Champion, etc.](#)

Mangalam College of Engineering has helped me to mold me to being independent.

1st Year of my college life helped me realize that, we are what we think we are. And if we believe in that without the slightest doubt, we will pulloff any thing. And that is what helped me to be the best in my college.

2nd Year of my college life told me that there comes a situation when everyone leaves, but it is you who is still in control of the vehicle and you are the one who guides the car. And if you continue to go to the right path, you will see them again.

3rd Year taught me how to manage things and work with a team. How to collaborate with others and get the best out of everyone for the collective good.

4th Year I have learned that, we all have to part one day, and that is what is called life. And to keep your friends as close as possible, as they will be there when you need a hand.

Overall, Mangalam College was really a great experience and helped me to be what I am today.

### [Central Board of Secondary Education](#)

[Field Of Study Computer Science](#)

[Dates attended or expected graduation 2012 – 2013](#)

[Activities and Societies: Science Olympiad School Level Winner Twice. Volleyball Team, reached second in final year. Participated in marathon & sprint. Casual Football & Cricket Player.](#)

Studied in this school for 12 years. Lot of good memories and experiences. Ofcourse learned a lot. But it was not just about textbooks or assignments. The life lessons learned and the friends we got, were the real value we got from School.
