

LEBRUN Nicolas, Jr.

Technical Engineer BPO-NATO

ABOUT ME

3/3 Rue des Carrières
1370 Jodoigne
BELGIUM

0489/91.88.43

nicolas.lebrun.be@gmail.com

Technical officer within the Belgian Airforce during 4 years, I decided to make a second Engineering Master in Oil&Gas sector. I currently work for the NATO agency responsible for the transport of petroleum through pipelines in BEL-LUX.

I added blockchain technology to my skills, firstly as an enthusiast followed by taking responsibilities in 2 ICO's teams.

I am a quick learner, always happy to acquire new competences and to improve my expertise in my field of interest.

Skills

Contract Mgt	<div><div></div></div>
Petroleum Products	<div><div></div></div>
Team Mgt	<div><div></div></div>
Quality	<div><div></div></div>
Aeronautical	<div><div></div></div>

Computer skills

MS Office	<div><div></div></div>
MatLab	<div><div></div></div>
SAP (ERP)	<div><div></div></div>
Autodesk Inventor	<div><div></div></div>
Blockchain	<div><div></div></div>

HOBBIES

Scuba diving (CMAS & PADI 2*)
Biking, Mountain biking
Wine tasting, gastronomy

EDUCATION

Preparatory Classes | 2004 – 2005

Preparatory School to Royal Military Academy – specific preparatory classes for engineer oriented on mathematics (16h/week) and sciences (6h/week).

Master: Polytechnic Engineer | 2005 – 2011

Royal Military Academy – specialization in aeronautical and mechanics. Minor in ballistic.

Master: Engineer | 2015 – 2016

Institut Français du Pétrole (IFP School) – specialization in Petroleum products and Energy

EXPERIENCE

1Wing Beauvechain | 2012 – 2013 – Technical Officer

Maintenance Manager of A109BA military helicopter. Responsible for technical and logistical follow-up of scheduled inspections. Manager of a team of 60 persons (technicians, storemen, workshops ...).

1Wing Beauvechain | 2014 – 2015 – Quality Officer

Follow-up of quality implementation (airworthiness, audits, training & certifications) at 1 Wing Maintenance Group. I was managing a team of 6 experts in quality. Our scope included all technical activities executed within 1Wing.

BPO – NATO | 2016 – current – Technical Engineer

Material manager for mechanical systems, tanks and leak detection system for the Belgian Pipeline Organization. Follow-up of maintenance contracts and acquisition projects in the aforementioned duties.

BPO – NATO | 2017 – current – Internal Auditor ISO 17025

Internal auditor (quality system ISO 17025) for testing laboratory of BPO (petroleum products testing).

CryptoGaule SAS | 2018 – current – Blockchain Expert

Blockchain expert and Bounty Manager. Follow-up of the incentives campaign and development of a new blockchain protocol

Blue-Horizon | 2018 – current – Bounty Manager Connecty.io

Follow-up of the incentives campaign for Connecty.io ICO. Co-management of an international CM team.
